ABILITY-TO-BENEFIT (ATB) EXAMINATION REQUIREMENT

An Ability-to-Benefit (ATB) examination is a test which is required by California Education Code §94904 to be independently administered on those who do not hold a high school diploma, or GED, or an equivalent. The ATB examination must be from the list of examinations approved by the US Department of Education. A student shall not enroll into any school program unless the student achieves a passing score that demonstrates that the student may benefit from the education and training being offered. Select Therapy Institute uses *the Wonderlic Basic Skills Test* (WBST) as the ATB examination.

The WBST is a short form measure of adult language and math skills which are generally taught in high school. It consists of the following two separate sections - the Test of Verbal Skills (50 questions) and the Test of Quantitative Skills (45 questions), having a testing time limit of 20 minutes each. An additional 10 minutes is required to complete the demographic information on the answer sheet. A student must achieve a verbal score no less than 200 and a quantitative score no less than 210 in the same test administration in order to pass the WBST.

The WBST must be administered by an Independent Test Administrator (ITA). There are two (2) ways to take the WBST, electronically online or by paper and pencil. Test scores are available in just a few minutes upon completion and submission of the test online; however, it may take at least five (5) business days for the test scores to be available if the WBST is taken by paper and pencil.

For more information on the WBST, please check its website at <http://resources.wonderliconline.com/atb%20manual.pdf>.

ENGLISH PROFICIENCY REQUIREMENT

SELECT THERAPY INSTITUTE uses the *BEST Literacy* test as an English Proficiency test. All prospective students whose native language is not English and who desire to enroll in a school program other than the ESOL Program should be proficient in English language, which is verified by students reaching the Low Intermediate ESL level of the *BEST Literacy*

test. Students who reach the Low Intermediate ESL level will get at least a score of 36 or higher in the test, which means students are expected to read most sight words, many other common words, familiar phrases and simple sentences for reading; they are expected to write some simple sentences with some limited vocabulary. Students are also interviewed for proficiency by the school's academic director. Since most of our instructors are bilingual either in English, Spanish, or Chinese, some translation of the terms may be available, but ALL instructions will be conducted in English. All textbooks are also in English.

HEALTH AND PHYSICAL CONSIDERATIONS

Generally, the professional in the Health Care field must be in good physical health for he/she will be working in direct contact with patients. In most aspects of the Health Care field, there is a great deal of standing, walking, pushing, bending, and stretching for long periods of time. Being a security guard also requires one in general good health because it involves long-time standing, walking, and other physical activities during the work. A person must consider his/her physical limitations in terms of making a career choice that involves extensive training. We promote the acceptance of students with physical limitations or disabilities if these students believe they can fulfill the training demands. All female students who are pregnant must furnish a written medical release from their Physician stating they are in proper physical shape to be enrolled in their course of study.

If any program requirements are changed, students already enrolled will be protected from any hardship resulting from such changes. Consequently, the course and the unit hour requirements stated in the catalog at the time of the student's start date shall determine that student's graduation requirements.

ORIENTATION

Orientation classes for all new students are held prior to any new class starting. All new and re-enrollment students are required to attend prior to admission.

ATTENDANCE POLICIES

Consistent attendance is essential to the overall effectiveness of the training a student receives at Select Therapy Institute, Inc. Students are required to attend all scheduled classes regularly and punctually.

If students are 15 minutes late, this will be considered a tardy. The accumulation of three tardies becomes equal to one absence. A tardy of more than 15 minutes will be counted as an unexcused absence. A student who is habitually tardy (3 times in one month) will be counseled by the school supervisor. If tardiness continues, the student may be suspended or be placed on probation until tardiness ceases. Students who are absent for theory or clinical

hours must make up the time at the instructor's convenience and at the students' expense. All theory and clinical time must be made up prior to sitting for the State Competency Test, or for any test required to obtain a professional license.

In case of illness or emergency on any day, students must call in to the school supervisor to report any absence before 9:05 am that morning or at least 1 hour prior to the start of class. Absence of two days or more without notification shall be considered cause for suspension. Students who have more than three consecutive days of absences without notifying the school will be considered terminated from the class.

LEAVE OF ABSENCE

Occasionally, students may experience extended personal, medical or other problems which make it difficult to attend class. Select Therapy Institute, Inc. allows a student under such circumstances to take a Leave of Absence (LOA) from the program up to 60 days. LOA must be requested in writing by the student and must be approved by the School Director.

RE-ENTRY POLICIES

All students who withdraw may re-enter into the program without the loss of credit Program hours and provided it is within 5 years from the date of their withdrawal which is an institutional policy. All records of the student except student transcripts are stored for five (5) years only (student transcripts are retained permanently) and it is the responsibility of the student to maintain all documents received from the institution. The institution reserves the right to evaluate the previous enrollment and to verify that the student was in good standing with the school before the student is accepted for re-enrollment.

GRADING POLICIES

Nurse Assistant and Home Health Aide Programs

Students are evaluated on a regular basis on theory, practical and clinical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. Evaluation forms are issued at the instructor's discretion. The evaluation form reflects the overall Attendance and Academic progress of the student. Students must maintain a "C" (75%) average to maintain satisfactory academic status. The system detailed below is the system utilized in the school.

ACADEMIC GRADING

100% -90%
90% -80%
79% -75%
Below 75%

A Superior Performance
B Above Average
C Average
D/F is a failing grade.

POINT GRADES FOR PRACTICAL WORK

(GPA 4) 4POINTS =A
(GPA 3) 3 POINTS =B
(GPA 2) 2 POINTS =C

Security Guard Power to Arrest Training and Skills Training Program (SGTP)

Satisfactory completion of the 8-hour Power to Arrest Course and 100% score in the Power to Arrest Training Manual Test are required to apply for a security guard license (card) from the BSIS.

English for Speakers of Other Languages Program (ESOL)

Student grades are based on homework assignments, class work, oral and written examinations, and performance evaluations given with each unit of learning. Written examinations are given periodically, and at the completion of each course a comprehensive final exam is given. For this course, the total course grade is made up of the following:

- | | | |
|----|---------------------------|-----|
| 1. | Attendance: | 10% |
| 2. | Class Participation: | 10% |
| 3. | Projects and Assignments: | 10% |
| 4. | Quizzes & Mini Tests: | 40% |
| 5. | Final Exam: | 30% |

Attendance: Attendance of all scheduled class meetings is expected and required. Attending class is one of the most important parts of the learning process. Every absence in excess of two absences will result in a reduction of the attendance grade by 1% per absence (i.e., from 10% to 9%). Arriving to class on time is essential. A student who arrives late can be disruptive to other students, and often spends a good part of the session trying to figure out what is happening rather than learning. Each late arrival in excess of two is considered an absence.

Class Participation: Communication skills are vital to job seeking and career building. Throughout the class, students are called on to communicate their understanding of the material being discussed, and they are evaluated on their preparedness and willingness to respond to questions, not on the accuracy of the answers. Active class participation is highly encouraged. Reading the appropriate pages in the text prior to coming to class will help the student grasp the concepts presented in class, as well as adding to the classroom learning experience.

Projects and Assignments: Students are required to complete workbook subject wise as they are covered in class. The students are graded for their efforts and the quality of material that they present.

Quizzes & Mini Tests: Quizzes or mini tests are given to assess the student's understanding of the material. The format of the questions on the quizzes is either verbal or multiple choices. All of the quizzes or mini tests are based on material covered in the class. Quizzes or mini tests may not be re-taken for any reason.

Additionally, student transcripts will reflect a final letter grade. Letter grades are based on a percentage grading scale. The official grading scale is as follows:

Letter	%	Description	GPA
A	90-100	Exceptional work	4.00
B	80-89	Above-average work	3.00
C	70-79	Acceptable work	2.00
F	<70%	Failing work	0.00
P	Course	requirements successfully completed	N/E
F	Course	requirements not successfully completed	0.00

W	Student withdrew during course	N/E
U	Student took leave of absence during course	N/E
S	Student is repeating course	N/E
I	Incomplete	N/E

SATISFACTORY ACADEMIC PROGRESS (SAP) STANDARDS

Select Therapy Institute, Inc. expects its students to maintain Satisfactory Academic Progress (SAP) as established by this institution. The student must:

1. Maintain a cumulative academic average of "C" (75%) or better on all tests, projects and other required course work.
2. Notify the school of any absence at his/her earliest convenience. Regardless of the average level of attendance, students who have more than three consecutive days of absences without notifying the school will be considered terminated from the class. This standard shall apply to all students except those on an approved Leave-of absence.
3. Meet minimum academic and attendance requirements for at least one evaluation prior to the midpoint (50%) of the course to be considered as meeting satisfactory progress at the end of an evaluation period. A student will be considered to be making satisfactory progress until the next evaluation.

ACADEMIC PROBATION

Students who fail to meet SAP standards during a given evaluation period of 1 week will be placed on academic/or attendance probation for one additional evaluation period of 1 week.

APPEAL PROCEDURES

Students who wish to appeal the decision that they are not making Satisfactory Academic Progress must submit a written request to the institution's administrator. The letter should be received within (5) days of termination and must describe any circumstances related to the student's academic standing which the student believes deserve special consideration. The administrator shall evaluate the appeal within a reasonable time frame (5-10 days) and notify the student in writing of the administrator's decision. Should the student's appeal be denied, he or she may appear before a school committee to present his or her case. The committee shall provide written notice to the student of its decision within a reasonable time frame (5-10 days). The decision of the committee shall be final. Students that prevail upon the appeal process, re-entering the program after an interruption of training, or having re-established satisfactory progress, and determined as making satisfactory progress, will be re-entered in the course and will be reinstated. Students accepted for re-entering the program that previously were not making satisfactory progress must attain a satisfactory progress status by the next scheduled evaluation of re-entry.

COURSE INCOMPLETE

Course incomplete, repetitions, and non-credit remedial course are not applicable to this institution's form of instruction.

MAKE-UP POLICIES

Due to absences, all assignments, tests and homework may be made up. The student needs to contact the instructor to arrange how missing work will be made up. It is the student's responsibility to make-up any missing work. Any deviation from the policy must be in writing from the office and signed by a member of the administrative staff.

SUBSTANCE ABUSE POLICY

SELECT THERAPY INSTITUTE, INC. recognizes that individuals sometimes use substances

such as alcohol and drugs to an extent that impairs their abilities. This policy is implemented because **SELECT THERAPY INSTITUTE, INC.** believes that any students' impairment due to the use of substances is likely to place that student, other students, employees, and other personnel, at risk. Students are required to sign a form stating that they understand this policy.

Our policy on substance abuse remains consistent whether alcohol, marijuana, illegal prescription, and/or controlled substances are at issue. For the purposes of this policy, "substance" refers to any of the above. "Impairment" or "being impaired" refers to a state in which normal physical or mental faculties in use at school have been detrimentally affected by a substance. A "substance abuser" is anyone who uses drugs for non-medical purposes, and this use detrimentally affects academic performance or interferes with normal social adjustment at school.

Any student attending Select Therapy Institute, Inc. while impaired or who becomes impaired while at school will be found in violation of school policy and will be subject to severe disciplinary action. Such action can include suspension, dismissal, or other penalty appropriate to the circumstances. Likewise, the use, possession, transfer, or sale of any substance on school premises or in any parking space, storage area, or job site, is prohibited and subject to severe disciplinary action. Students using prescription drugs have a duty to report this to their instructors, and school officials in case an adverse reaction to the medication occurs while at school, and in case the student is falsely accused of using an illegal substance. When a student is involved in the use, possession, transfer, or sale of a substance in violation of this policy, **SELECT THERAPY INSTITUTE, INC.** may notify the appropriate authorities. Such notice will be given only after the incident is investigated and reviewed by the Director.

Substance abuse is both a school and a medical problem. **SELECT THERAPY INSTITUTE, INC.** is aware that substance abuse is a complex public health issue that has both physical and emotional consequences for students, their families, and other social relationships. Any psychological or physical problem effecting students' academic performance is the concern of **SELECT THERAPY INSTITUTE, INC.**

Any instructor suspecting a substance abuse case should discuss the matter with the Director immediately. Because each case is different, the handling and referral of the case must be coordinated between the instructor and Director. **SELECT THERAPY INSTITUTE, INC.** maintains a referral service for students with substance problems. Counseling and referrals are provided on a confidential basis. Voluntary, successful participation in a recovery or rehabilitation program may be a mitigating factor in disciplinary action depending on the particulars of each case. While **SELECT THERAPY INSTITUTE, INC.** does not require students to get help, he or she may ask the school for it. In some cases, disciplinary action may be suspended, or the student may be placed on probation, pending the successful completion of a recovery program. Students who enter a rehabilitation program due to performance or behavior problems resulting from substance abuse are subject to dismissal for failing to successfully complete the program.

SELECT THERAPY INSTITUTE, INC. is concerned with its students' privacy, especially when matters of a medical or personal nature are concerned. As long as such information is

not required for police or security purposes, **SELECT THERAPY INSTITUTE, INC.** shall maintain student information in confidence, but subject to release to authorized school personnel on a “need to know” basis. An exception to this rule exists when the student signs a release for the transfer of such information to designated persons or agencies.

STUDENT SERVICES

JOB PLACEMENT

Job placement assistance is provided to graduates and students at no additional charge. Upon graduation, the student's name is recorded by the School Registrar and the process of follow-up begins. Students are encouraged to return for placement assistance by reviewing the listings of nursing homes and agencies seeking employees and the requirements, salary, and other pertinent information. Students are sent on interviews and the results of these interviews are recorded in the student register. Select Therapy Institute, Inc. may show prospective students this register upon request. We assist students in placements as often as needed; however, the school does not guarantee placement to any student. **SELECT THERAPY INSTITUTE, INC.** cannot guarantee employment to any student, recent graduate, or alumni of this school.

CAREER COUNSELING

Students are counseled individually, as often as necessary, at least every week to review the student's progress and adjustment. Successful clinic owners and agency representatives are scheduled into the school regularly to give demonstrations and discuss career goals, etc. with the students. This activity supplements the daily counseling carried out by the instructors and supervisor. Students may request additional counseling sessions at any time. Students are given personal attention assistance at every stage of training from the first day of enrollment to the day of graduation. At predetermined intervals, measuring instruments are utilized to evaluate the rate and quality of the student and remedial assignments are made when required.

In this level, students will learn about present perfect continuous, relative clauses and useful expressions related with them. At this level students can speak English natives using 5-6 sentences without stopping, and they can compose more than three passages. Present perfect continuous is a combination of present perfect + continuous, so this will be also the continuous study of former level. In addition, students will learn about American academic culture and what is expected of a student in an American university. This course includes 16 hours per week of Reading, Writing, Listening and Grammar for TOEFL® and related American cultural background. This is scheduled as a full-time program, which meets F-1 visa requirements. The new TOEFL® is an internet-based test (TOEFL iBT®). It is very different from older versions of the test, and it is much more challenging. This course is especially designed to prepare students for the new challenges of TOEFL iBT®. The TOEFL iBT® evaluates the four core language skills: speaking, listening, reading, and writing. Testing speaking skills is a new feature of the TOEFL iBT®. Also new is that every problem tests as many as three language skills at once. Students find this new test format very challenging.
